

The **Lead Alliance**

Living safely with lead Newsletter

Welcome to 2017

As part of our commitment to ensure that Mount Isa residents are delivered accurate and up to date information on living safely with lead we have a great year planned, here are some of the events that you can look forward to throughout 2017:

The **Backyard Improvement Program** competition will launch again 2nd May 2017, giving Mount Isa families the opportunity to win some great prizes by creating a lead safe and healthy environment for your children to play and grow in. Look out for the flyer in your mailbox with all the details on how to join the program to win!

We have produced a new **Healthy Tucker Recipe Book**, full of easy delicious and healthy recipes to assist in increasing your families iron intake which helps to reduce the risk of elevated blood lead levels.

To keep up with the new technology of today, the Lead Alliance are in the process of developing a **Mobile and Android Phone APP**, which residents can use to track their family's blood lead levels.

The Lead Alliance will be attending **community events** throughout 2017, being available to answer any questions or queries residents may have on reducing the risk of elevated blood lead levels in your family.

We have been **re-branding** the Living with Lead Alliance by shortening our name to The Lead Alliance over the past two months, with the same commitment to delivering fresh and up to date information and new programs to the Mount Isa community on living safely with lead.
