

Living safely with Lead Newsletter

FREE Public Information Seminar 2014

All Mount Isa residents are encouraged to attend our FREE public information seminar, presented by Dr Mark Little.

Delivering information on living safely with lead in the Mount Isa community.

Thursday 15th May 2014. Terrace Gardens, 3pm

These seminars will be delivered by Dr Mark Little leading toxicologist and emergency physician covering topics on living safely with lead, including

- The toxic effects of lead in children aged 0 to 5 years of age
- Lead and pregnancy
- Blood lead testing
- How to reduce the risk of elevated blood lead levels in children

It is essential that all Mount Isa residents are informed of the issue of living with lead in the Mount Isa community.

The Living with Lead Alliance is committed in delivering information to parents on how you can reduce the possible risk of elevated blood lead levels in your family and especially young children.

This FREE seminar will give you all the information you need to ensure that your children have a safe and healthy environment to grow and play in and Dr Mark Little will be available to answer your questions and concerns.

Information packs and refreshments will be available. Further information -
