

The **Lead Alliance**

*Welcome 2019 !*

# *The Lead Alliance Newsletter*

## Starting off the year with a Bang!

Leading the Mount Isa community into 2019, the Indigenous sector is hosting four community events during January.

The Alliance is looking forward to participating and working together toward a healthier lifestyle for Mount Isa Children. We will be providing a fun and engaging handwashing station for all parents/carers and children.

Remember to always wash hands before eating, after petting animals and after playing outside.

### Dr Mark Little returns to Mount Isa Health Expo

The Lead Alliance are pleased to have Dr Mark Little back in Mount Isa to deliver information on living safely with lead.

*How much do you know about lead?*

The Lead Alliance is anticipating a monster year with some big events coming to Mount Isa during 2019. Included in this years line-up is the North West Health Expo (30-31 August), featuring Dr Mark Little, leading Toxicologist and Emergency Physician. As part of our commitment to increasing awareness and providing education about living with lead, the Alliance sponsors Dr Little to visit Mount Isa to share his knowledge and expertise with our residents, schools and health industry staff. More on this as we get closer to the date.

### **Lead Alliance Job Opportunity: Project Officer**
